LEGISLATIVE COUNSEL'S DIGEST

AB 5, as amended, Fuentes. Teachers: best practices teacher evaluation system.

(1) Existing law authorizes the governing board of a school district or a county board of education, as specified, after a public hearing on the matter, to request the State Board of Education to waive all or part of any section of the Education Code or any regulation adopted by the

state board that implements a provision of the Education Code that may be waived, except for specified provisions.

This bill would include additional specified provisions of the Education Code, relating to teacher evaluation and the Quality Education Investment Act of 2006, that may not be waived.

Existing

(2) *Existing* law states the intent of the Legislature that governing boards of school districts establish a uniform system of evaluation and assessment of the performance of all certificated personnel within each school district of the state. Existing law requires the governing board of each school district to establish standards of expected pupil achievement at each grade level in each area of study and to evaluate and assess certificated employee performance on a continuing basis as it reasonably relates to the progress of pupils toward the established standards and, if applicable, the state adopted academic content standards as measured by state adopted criterion referenced assessments, the instructional techniques and strategies used by the employee, the employee's adherence to curricular objectives, and the establishment and maintenance of a suitable learning environment, within the scope of the employee's responsibilities.

This bill would provide that the provisions described above would become inoperative on July 1 ~~of the first fiscal year following the fiscal year in which the deficit factor, as specified, is reduced to zero, 2014.~~ The bill would state findings and declarations of the Legislature regarding the nature of effective teachers and of the teaching profession. Commencing on July 1 ~~of the first fiscal year following the fiscal year in which the deficit factor, as specified, is reduced to zero,, 2014,~~ the bill would require the governing board of each school district to adopt and implement a locally negotiated best practices teacher evaluation system, described as one in which each teacher is evaluated on a continuing basis on the degree to which he or she accomplishes specific objectives and multiple observations of instructional and other professional practices are conducted by trained evaluators. *The bill would, on or before May 1, 2013, require the governing board of each school district, at a regularly scheduled public hearing, to seek comment on the development and implementation of the best practices teacher evaluation system, and to disclose the provisions of the best practices teaching evaluation system at a regularly scheduled public hearing.* The bill would also require the governing board of each school district to establish and define job responsibilities for certificated,

noninstructional employees and evaluate and assess their performance in relation to those responsibilities. The bill would provide that these provisions do not apply to certificated personnel who are employed on an hourly basis in adult education classes.

This bill would require that funds appropriated pursuant to a provision of law for the 2013–14 fiscal year be distributed to school districts, as specified, for the purpose of implementing the best practices teacher evaluation system, and would require these school districts to use the funds, as specified.

(3) Existing law requires that an evaluation and assessment of the performance of a certificated employee be made on a continuing basis, as provided, including at least every 5 years for personnel with permanent status who have been employed at least 10 years with the school district, are highly qualified, as specified, and whose previous evaluation rated the employee as meeting or exceeding standards.

This bill would require the evaluation and assessment of the above personnel at least every 3 years, except as locally negotiated and provided in the best practices teacher evaluation system.

(4) The existing Quality Education Investment Act of 2006 effectuates the intent of the Legislature to implement the terms of the proposed settlement agreement of a specified legal action, to provide for the discharge of the minimum state educational funding requirement, to improve the quality of academic instruction and the level of pupil achievement in schools whose pupils have high levels of poverty and complex educational needs, to develop exemplary school district and school practices to create working conditions to attract and retain well-qualified teachers and administrators, and to focus school resources solely on instructional improvement and pupil services. The act requires county superintendents of schools to annually review participant schools and their data to determine compliance with the program requirements, including, among others, specified class size requirements. The act requires, among other things, \$450,000,000 per fiscal year to be appropriated from the General Fund for specified purposes for each of the 2008–09, 2011–12, and 2014–15 fiscal years, inclusive, and requires those funds to be allocated, as specified, to Sections A and B of the State School Fund. A provision of the act appropriates \$218,322,000 for the 2013–14 fiscal year, for allocation by the Chancellor of the California Community Colleges and the Superintendent, as specified, from the General Fund.

This bill would revise the class size requirement for kindergarten and grades 1 to 3, inclusive, to be no more than an average of 20 pupils per class in each grade level at each schoolsite, provided that any grade 1 to 3 classroom at that schoolsite has no more than 22 pupils. The bill would instead require \$450,000,000 per fiscal year to be appropriated from the General Fund for specified purposes for each of the 2008–09 and 2011–12 fiscal years, and would, commencing with the 2013–14 fiscal year, appropriate \$228,170,000 to the Superintendent, as specified, for purposes of the act. The bill would, commencing with the 2013–14 fiscal year and continuing annually thereafter, require the Superintendent to allocate, as specified, certain appropriated funds that are not allocated to schools with kindergarten or grades 1 to 12, inclusive, in a fiscal year due to program termination or otherwise, except funds allocated in the 2013–14 fiscal year for purposes of implementing the best practices teacher evaluation system. The bill also would instead appropriate \$221,830,000 for the 2013–14 fiscal year, for allocation by the Chancellor of the California Community Colleges and the Superintendent, as specified, from the General Fund.

(5) Under the California Constitution, whenever the Legislature or a state agency mandates a new program or higher level of service on any local government, including a school district and a community college district, the state is required to provide a subvention of funds to reimburse the local government, with specified exceptions. Existing law, commencing with the 2012–13 fiscal year, requires certain funds appropriated in the annual Budget Act for reimbursement of the cost of a new program or increased level of service of an existing program mandated by statute or Executive order to be available as a block grant to school districts, charter schools, and county offices of education to support specified state-mandated local programs.

This bill would, as of July 1, 2014, include the best practices teacher evaluation system to be among the state-mandated local programs supported by the block grant funding.

By

(6) By requiring school districts to perform additional duties, ~~the~~ this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state,

reimbursement for those costs shall be made pursuant to these statutory provisions.

(7) Funds appropriated by this bill would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

Vote: majority. Appropriation: ~~no~~-yes. Fiscal committee: yes.
State-mandated local program: yes.

12 district or, for compelling reasons, be individually developed for

14 certificated personnel of the district shall be subject to a system
15 of evaluation and assessment adopted pursuant to this article.

SEC. 14. *Section 52055.740 of the Education Code is amended to read:*

52055.740. (a) ~~For~~ *Commencing with the 2012–13 fiscal year and each fiscal year thereafter, for each funded school, the county superintendent of schools for the county in which the school is located shall annually review the school and its data to determine if the school has met all of the following program requirements by the school by the end of the third full year of funding:*

(1) Meet all of the following class size requirements:

(A) For kindergarten and grades 1 to 3, inclusive, no more than an average of 20 pupils per class in each grade level at each schoolsite, as set forth in the Class Size Reduction Program (Chapter 6.10 (commencing with Section 52120)) *provided that any grade 1 to 3 classroom at that schoolsite has no more than 22 pupils.*

(B) (i) For self-contained classrooms in grades 4 to 8, inclusive, an average classroom size ~~that is the lesser of clause (i) or (ii), as follows:~~ *of 25 pupils per classroom.*

1 ~~(i) At least five pupils fewer per classroom than was the average~~
2 ~~in 2006–07.~~

3 ~~(ii) An average of 25 pupils per classroom.~~

4 ~~(iii)~~

5 ~~(ii) For purposes of this subparagraph, average classroom size~~
6 ~~shall be calculated at the grade level based on the number of~~
7 ~~self-contained classrooms in that grade at the schoolsite. If the~~
8 ~~self-contained classrooms at the school averaged fewer than 25~~
9 ~~pupils per classroom during the 2005–06 school year, that lower~~
10 ~~average shall be used as the “average in 2006–07” for purposes of~~
11 ~~this subparagraph for all funded schools in the school district. A~~
12 ~~school that receives funding under this article shall not have a~~
13 ~~self-contained classroom in grades 4 to 8, inclusive, with more~~
14 ~~than 27 pupils regardless of its average classroom size.~~

15 (C) (i) For classes in English language arts, reading,
16 mathematics, science, or history and social science courses in
17 grades 4 to 12, inclusive, an average classroom size ~~that is the~~
18 ~~lesser of clause (i) or (ii), as follows:~~ *of 25 pupils per classroom.*

19 ~~(i) At least five pupils fewer per classroom than was the average~~
20 ~~in 2006–07.~~

21 ~~(ii) An average of 25 pupils per classroom.~~

22 ~~(iii)~~

23 ~~(ii) For purposes of this subparagraph, average classroom size~~
24 ~~shall be calculated at the grade level based on the number of~~
25 ~~subject-specific classrooms in that grade at the schoolsite. If the~~
26 ~~subject-specific classrooms at the school averaged fewer than 25~~
27 ~~pupils per classroom during the 2005–06 school year, that lower~~
28 ~~average shall be used as the “average in 2006–07” for purposes of~~
29 ~~this subparagraph for all funded schools in the school district. A~~
30 ~~school that receives funding under this article shall not have a class~~
31 ~~in English language arts, reading, mathematics, science, or history~~
32 ~~and social science in grades 4 to 12, inclusive, with more than 27~~
33 ~~pupils regardless of its average classroom size.~~

34 (D) Not increase any other class sizes in the school above the
35 size used during the ~~2005–06~~ *2012–13* school year. If a funded
36 school has a low-enrollment innovative class, it may increase the
37 number of pupils in that class to a number that does not exceed
38 the schoolwide average *as of the 2012–13 school year.*

39 (2) In high schools, have a pupil-to-counselor ratio of no more
40 than 300 to 1. Each counselor shall hold a services credential with

1 a specialization in pupil personnel services issued by the
2 Commission on Teacher Credentialing.

3 (3) Ensure that each teacher in the school, including intern
4 teachers, shall be highly qualified in accordance with the federal
5 No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.).

6 (4) Using the index established under Section 52055.730, have
7 an average experience of classroom teachers in the school equal
8 to or exceeding the average for the school district for this type of
9 school.

10 (5) Exceed the API growth target for the school averaged over
11 the first three full years of funding. Beginning in the fifth year of
12 participation, funded schools shall meet their annual API growth
13 targets. If the school fails to meet its annual growth target, the
14 school shall continue to receive funding pursuant to this article,
15 but shall be subject to state review, assistance, and timeline
16 requirements pursuant to the ~~HPSGP~~ *High Priority Schools Grant*
17 *Program* under Section 52055.650. The schoolsite administrator
18 shall not automatically be reassigned based solely on that failure.

19 (b) For each funded school, the county superintendent of schools
20 for the county in which the school is located shall annually review
21 the school and its data to determine if the school has met all of the
22 following interim requirements:

23 (1) Be at least one-third of the way toward meeting each of the
24 program requirements specified in paragraphs (1) to (5), inclusive,
25 of subdivision (a) by the end of the first full year of funding.

26 (2) Be at least two-thirds of the way toward meeting each of
27 the program requirements specified in paragraphs (1) to (5),

29 funding, and achieve full implementation by the end of the third
30 full year and for each year thereafter.

31 (3) Have provided professional development to at least one-third
32 of teachers and instructional paraprofessionals in the school
33 annually.

34 (4) Meet all of the requirements of the settlement agreement in
35 *Williams v. State of California* (Case Number CGC-00-312236 of
36 the Superior Court for the County of San Francisco), including,
37 among other things, the requirements regarding teachers,
38 instructional materials, and school facilities, by the end of the first
39 full year of funding, and in each year of funding thereafter.

1 (c) (1) If a county superintendent of schools determines that a
2 funded school has not substantially met the requirements of
3 subdivision (b) after the first or second full year of funding, or any
4 alternative program requirements approved under Section
5 52055.760, he or she shall notify the Superintendent. If all of the
6 interim and final requirements are not met by the end of any
7 subsequent school year, the Superintendent shall terminate funding
8 for that school.

9 (2) If the Superintendent terminates funding under this
10 subdivision, the Superintendent shall provide advance notice to
11 the *school* district that is sufficient to allow the *school* district a
12 reasonable amount of time to make staff and other cost adjustments
13 necessitated by the termination. The Superintendent shall provide
14 the *school* district with funds sufficient to cover the staff and other
15 cost adjustments.

16 (d) A school district or chartering authority that includes a
17 participating school or schools for which funding is terminated
18 pursuant to subdivision (c) may appeal that action to the state
19 board. The state board shall order the reinstatement of funding if,
20 on appeal, the school district or chartering authority demonstrates
21 that the data upon which the county superintendent of schools
22 relied is in error and that the school in question can fully
23 demonstrate its compliance with the applicable requirements.

24 *SEC. 15. Section 52055.770 of the Education Code is amended*
25 *to read:*

10 *this article.*

11 (d) For the 2014–15 fiscal year, the amounts appropriated under
12 subdivision (c) shall be adjusted to reflect the total fiscal settlement
13 agreed to by the parties in California Teachers Association, et al.
14 v. Arnold Schwarzenegger (Case Number 05CS01165 of the
15 Superior Court for the County of Sacramento) and the sum of all
